Question

I'm trying to purchase a license for one of your products, but I only see options to pay with a credit card or PayPal. Do you accept any alternate payment methods?

Select the product and quantity you'd like to order, then click on the "Buy" button. On the next page, you'll be asked to confirm the quantity and enter your contact information (name, phone number, email address, mailing address). To complete an order using an alternate payment method, simply follow the appropriate instructions listed below:

To pay via Bank Wire Transfer:

Make sure you include the order ID number on the wire transfer (it's difficult to tie your order to your payment without this) **Also, make sure you pay all of your bank's wire transfer fees!** We have received payments in the past where the sender's bank has deducted a fee, so the payment amount received by us

- Under "payment method," choose "Wire Transfer," and then click on the "Next" button
- On the next page, you'll be able to review your order (as well as choose the name you'd like to appear on your license). If everything seems okay, click on the "Complete Order" button
- The confirmation page will provide bank transfer instructions (address, bank account info, and everything you should need to send a wire transfer), as well as an invoice for your order
- Save the instructions on this page (they will be emailed to you as well) and follow them during your wire transfer
- After you've submitted payment, allow for around 3 business day for processing. If you do not receive your license key(s) via email within 5 business days of sending your wire transfer, please contact us

To pay via Check/Money Order:

- Under "payment method," choose "Check or Money Order," and then click on the "Next" button
- On the next page, you'll be able to review your order (as well as choose the name you'd like to appear on your license). If everything seems okay, click on the "Complete Order" button
- The confirmation page will provide an invoice for your order, which will include information on where to mail your check/money order (this information will be emailed to you as well)
- Once you've mailed your check/money order payment, please allow for around 5 business days for delivery and processing.

To pay via Purchase Order:

It is important to note: all of our purchase orders are fulfilled after payment is received. If you find yourself needing a different arrangement than this, please contact our sales team at sales@pingman.com
