Question

We need a W9 to pay you. Do you have one available?

Solution

Absolutely. If you have an invoice from Pingman Tools, LLC that you've already paid (usually by check) or need to pay, you can find a copy of our W9 right here.

One word of warning, though: most of our payment process is handled through one of our payment partners. If you've already paid us (by credit card, especially) and you're looking for a W9, check your receipt to see who you actually paid. If it's Fastspring, you can get that W9 here.
