## Question

We need a W9 to pay you. Do you have one available?

## Solution

Absolutely. If you have an invoice from Pingman Tools, LLC that you've already paid (usually by check) or need to pay, you can find a copy of our W9 [right here](#).

One word of warning, though: most of our payment process is handled through one of our payment partners. If you've already paid us (by credit card, especially) and you're looking for a W9, check your receipt to see who you actually paid. If it's Fastspring, you can [get that W9 here](#).

If you have any questions, feel free to [contact us](#)!
